Subject: Laidlaw Environmental Services (inquiry)		
<p>Summary of Communication:</p> <p>On 2/20/96, I received a FAX from Laidlaw (Jane Prince, 1-800-421-3280) requesting that I research the RCRIS database to determine if we have ID numbers for the 12 sites on the FAX. I researched the database and made notes on the right side of the FAX as to what I found. I then called Jane Prince and gave her the information. In the case of the IAP numbers (Provisional's), I did not give her the number, only that it was a Provisional number used sometime in the past year or two for a 30 day period, and could not be used again. Sites 11 & 12 did not have ID#s for the addresses listed. For the regular ID#s, I told her their generator status, (or non-generator status in the case of item 10).</p>
